

**18th Annual Daffodil Show
Presented by
The Greater St Louis Daffodil Society**

"Focus on Daffodils"

April 4 - 5, 2015

Missouri Botanical Garden: Beaumont Room

Show setup Friday 6:00 PM to 7:00AM Saturday morning

Design, Horticulture & Photography at the Daffodil Show

HORTICULTURAL DIVISION GENERAL RULES

1. Entries may be made from 6 PM on Friday, April 3, 2015 through 7:00AM Saturday, April 4, 2015. All exhibitors must be off the floor by 7:00 AM. **This rule will be strictly enforced.**
2. Entry cards for exhibits will be available at the show. Only the top half of the entry card needs to be filled in.
3. Entries, awards, and ribbons may not be removed until 4 PM Sunday.

RULES FOR HORTICULTURAL EXHIBITS

ENTRIES

4. All classes are open to anyone who grows daffodils except where specified otherwise.
5. An exhibitor may make as many entries as desired in any class provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
6. All blooms in the Horticultural Division must have been grown in the open by the exhibitor. Miniatures and daffodils grown and shown in their containers may be grown in protected areas.
7. Wedging material and containers for cut flower exhibits will be furnished by the show committee. Except for daffodils grown and shown in their containers, no daffodil foliage is permitted.
8. All collections of five or more stems must be exhibited with each cultivar or species in a separate container.

LABELING

9. Each cultivar or species must be correctly labeled with its name (or number) and division **and color code**. The originator's name must appear on the label in American bred classes except seedlings shown by the originator. The originator is the person who first flowered the bulb regardless of who made the cross and/or planted the seed.
10. Exhibits that are not named or are incorrectly named will not be judged. Correct classification and labeling shall be the responsibility of the exhibitor.
11. No label may be changed, specimen added, removed, altered, or substituted after judging has begun or after an award has been placed.

INTERMEDIATES, MINIATURES, AND SEEDLINGS

12. An intermediate daffodil is a standard daffodil in divisions 1, 2, 3, 4, or 11 having a single floret whose diameter is typically greater than 50 mm through 80 mm. Intermediate daffodils may be entered in classes for standard daffodils as well as classes reserved for intermediate daffodils.
13. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar on the current ADS Approved List of Miniatures. Also, any named, numbered, or species daffodil which appears graceful, with all its parts proportionately small, may be exhibited in Miniatures classes and is eligible for all ADS awards, except that only numbered seedlings shown by the originator are eligible for the ADS Miniature Rose Ribbon. The judges may decline to judge any exhibit containing an unapproved miniature that they consider too large for these classes.
14. Blooms of seedlings may be exhibited in all classes for named cultivars. **ALL SEEDLINGS MUST BE IDENTIFIED BY A NUMBER DESIGNATION ASSIGNED BY THE ORIGINATOR.** If the exhibitor is not the originator, the name of the originator must be included as part of the identification.

AWARDS

15. Each stem in an exhibit of cut flowers receiving an ADS Award must score 90 or more on the appropriate ADS Scale of Points.
16. Only one first, one second, and one third award may be given in each class. Honorable mention awards may also be given if merited but only if first, second, and third have been awarded. First, second, third, and honorable mention awards may be withheld by the judges if in their opinion the exhibit is not worthy. If a blue ribbon (first place) has been awarded in a class eligible for an ADS ribbon, the ADS Award may not be withheld.
17. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special, or Ribbon) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class must be rejudged.

MISCELLANEOUS

18. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if a sufficient number of worthy exhibits is left in the class. Species may be subdivided by their botanical sections.
19. The Royal Horticultural Society System of Classification will be used. The labeling authority is *Daffodils to Show and Grow* as amended each year in the December ADS *Daffodil Journal* supplemented by the current information in the online DaffSeek.org.
20. In the class descriptions, the words “pink cup,” etc. define classes where that color is solid, 2W-P, or present in two adjacent zones, 2W-GPP. The words “pink in cup,” etc. are used for classes that include both solid and rimmed cups of the same color. “Colored” is any color but white. A reverse bicolor has a predominantly yellow perianth and a predominantly white cup where “predominantly” means at least two adjacent zones must be coded the designated color.

ADS Point Scale for Judging Cut Specimens			
	Cultivar	Species	Historic
Condition	20	50	40
Form	25	15	15
Substance and Texture	15	10 (substance)	5
		5 (texture)	5
Color	15	10	15
Pose	15	5	5
Stem		5	5
Size		10	0
TOTAL	100	100	100

For miniature daffodils, both cut specimens and container grown, the judges will substitute Form and Grace for Form. In exhibits of 3 of a kind, the judges may deduct up to 5 points for lack of uniformity.

ADS Scale of Points for Judging Container-Grown Exhibits	
Exhibit as a Whole	35
Symmetry with uniform development of each plant	20
Floriferousness	10
Condition and correctness of container and label	5
Bloom	55
Condition	10
Form – typical of the cultivar	10
Substance and texture	10
Color	10
Pose	5
Stem	5
Size – typical of the cultivar	5
Foliage	10
Condition of foliage	5
Color of foliage	5
TOTAL	100

SECTIONS A & B — STANDARD DAFFODILS

SECTION A – This is for a single stem of a standard cultivar or species daffodil.

SECTION B – This is for three stems of a standard cultivar or species daffodil.

Division 1 – Trumpet Daffodil Cultivars	Class	Class
Yellow perianth, yellow trumpet	A101	B101
Colored perianth, orange or red trumpet	A102	B102
Yellow perianth, pink in trumpet	A103	} B103
Reverse bicolor	A104	
White perianth, yellow or orange trumpet	A105	B104
White perianth, pink in trumpet	A106	B105
White perianth, white trumpet	A107	B106
Any other color combination	A108	B107

Division 2 – Large-Cupped Daffodil Cultivars		
Yellow perianth, yellow cup	A201	B201
Colored perianth, orange or red cup	A202	B202
Yellow perianth, orange or red rimmed cup	A203	B203
Yellow perianth, pink in cup	A204	B204
Reverse bicolor	A205	B205
White perianth, predominantly yellow cup	A206	} B206
White perianth, yellow rimmed cup	A207	
White perianth, predominantly orange or red cup	A208	} B207
White perianth, orange or red rimmed cup	A209	
White perianth, predominantly pink cup	A210	} B208
White perianth, pink rimmed cup	A211	
White perianth, white or GWW cup	A212	B209
Any other color combination	A213	B210

Division 3 – Small-Cupped Daffodil Cultivars		
Yellow perianth, yellow cup	A301	B301
Yellow perianth, orange or red cup	A302	} B302
Orange perianth, orange or red cup	A303	
Yellow perianth, orange or red rimmed cup	A304	B303
Yellow perianth, pink in cup	A305	B304
Reverse bicolor	A306	B305
White perianth, yellow cup	A307	} B306
White perianth, yellow rimmed cup	A308	
White perianth, orange or red cup	A309	B307
White perianth, orange or red rimmed cup	A310	B308
White perianth, pink in cup	A311	} B309
White perianth, white or GWW cup	A312	
Any other color combination	A313	B310

Division 4 – Double Daffodil Cultivars	Class	Class
One Bloom to a Stem		
Yellow perianth, yellow petaloids	A401	} B401
Colored perianth, orange or red petaloids	A402	
Yellow perianth, pink in petaloids	A403	} B402
Reverse bicolor	A404	
White perianth, yellow petaloids	A405	B403
White perianth, orange or red petaloids	A406	B404
White perianth, pink in petaloids	A407	B405
White perianth, white petaloids	A408	B406
More than One Bloom to a Stem		
Yellow perianth, yellow petaloids	A409	} B407
Yellow perianth, petaloids colored other than yellow	A410	
White perianth, colored petaloids	A411	} B408
White perianth, white petaloids	A412	
Any other color combination, one or more blooms per stem	A413	B409
Division 5 – Triandrus Daffodil Cultivars		
Yellow perianth, yellow cup	A501	} B501
Colored perianth, orange, red, or pink cup	A502	
Reverse bicolor	A503	B502
White perianth, yellow cup	A504	} B503
White perianth, orange or red cup	A505	
White perianth, pink in cup	A506	} B504
White perianth, white cup	A507	
Any other color combination	A508	B505
Division 6 – Cyclamineus Daffodil Cultivars		
Yellow perianth, yellow cup	A601	B601
Colored perianth, orange or red cup	A602	B602
Yellow perianth, pink in cup	A603	} B603
Reverse bicolor	A604	
White perianth, yellow cup	A605	} B604
White perianth, orange or red in cup	A606	
White perianth, pink in cup	A607	} B605
White perianth, white cup	A608	
Any other color combination	A609	B606
Division 7 – Jonquilla or Apodanthus Daffodil Cultivars		
Yellow perianth, yellow cup	A701	B701
Yellow perianth, orange or red cup	A702	B702
Orange perianth, orange or red cup	A703	B703
Colored perianth, pink in cup	A704	B704
Reverse bicolor	A705	B705
White perianth, yellow, orange, or red cup	A706	B706
White perianth, pink in cup	A707	B707
White perianth, white cup	A708	B708
Any other color combination	A709	B709

Division 8 – Tazetta Daffodil Cultivars			
Yellow perianth, yellow cup	A801	}	B801
Yellow perianth, orange or red in cup	A802		
Reverse bicolor or colored perianth with pink in cup	A803		B802
White perianth, yellow cup	A804		B803
White perianth, orange or red in cup	A805		B804
White perianth, pink in cup	A806	}	B805
White perianth, white cup	A807		
Any other color combination	A808		

Division 9 – Poeticus Daffodil Cultivars			
White perianth, eye green	A901		B901
White perianth, eye any other color	A902		B902

Division 10 – Bulbocodium Daffodil Cultivars – Any cultivar			
	A1001		B1001

Division 11 – Split-Corona Daffodil Cultivars			
One Bloom Per Stem			
11a Colored perianth, yellow, orange, or red cup	A1101		B1101
11a Reverse bicolor or colored perianth with pink in cup	A1102		B1102
11a White perianth, yellow, orange, or red cup	A1103		B1103
11a White perianth, pink in cup	A1104	}	B1104
11a White perianth, white cup	A1105		
11a Any other color combination	A1106		B1105
11b Any cultivar	A1107		B1106
More Than One Bloom Per Stem			
Colored perianth	A1108	}	B1107
White perianth	A1109		

Division 12 – Other Daffodil Cultivars			
One bloom per stem, colored perianth	A1201	}	B1201
One bloom per stem, white perianth	A1202		
More than one bloom per stem, any cultivar	A1203		B1202

Division 13 – Daffodils Distinguished Solely by Botanical Name			
Any species or species hybrid, one bloom to a stem	A1301		B1301
Any species or species hybrid, more than one bloom to a stem	A1302		B1302

SECTION C – CLASSIC DAFFODILS

This section is open to all standard cultivars introduced from 1940 to 1969 inclusive. All cultivars shall be labeled with name, division number, and year of registration (or introduction). The date shown in the *International Daffodil Register and Classified List 2008* and its supplements will be the authority. The Classification Committee may subdivide each class by decade and/or division, regardless of the number or quality of exhibits in each subdivision prior to judging. Daffodils in this section shall be eligible for the ‘Best Classic Ribbon’, ‘Best Classic Single Stem Ribbon’, ‘Best Classic Three Stem Ribbon’, or ‘Best Classic Collection of Five Ribbon’. Blooms will be judged using the cultivar scale.

	Class
One stem, any division, with yellow perianth	C1
One stem, any division, with white perianth	C2
Three stems of one cultivar, any division, with yellow perianth	C3
Three stems of one cultivar, any division, with white perianth	C4
Collection of 5 different cultivars (Place with standard collections.)	E21

SECTION E — STANDARD DAFFODIL COLLECTIONS

These classes call for one stem of each cultivar/species unless specified otherwise.

	Class
Five different division 1 cultivars.	E01
Five different division 2 cultivars.	E02
Five different division 3 cultivars.	E03
Five different division 4 cultivars.	E04
Five different division 5 cultivars.	E05
Five different division 6 cultivars.	E06
Five different division 7 cultivars.	E07
Five different division 8 cultivars.	E08
Five different division 9 cultivars.	E09
Five different division 10 cultivars.	E10
Five different division 11 cultivars.	E11
Five different division 12 cultivars.	E12
Five different division 13 species.	E13
Five different intermediate cultivars.	E20
Five different classic cultivars	E21
Five different pink cupped and/or pink in cup cultivars.	E22
Five different white cultivars.	E23
Five different red and/or orange cupped cultivars.	E24
Five different yellow cultivars.	E25
ADS Maroon Ribbon – Five different reverse bicolor cultivars.	E26
ADS Red-White-Blue Ribbon – Five different American-bred cultivars. For correct labeling procedures, see Rule No. 9.	E27
Marie Bozievich Ribbon – Twelve different cultivars and/or species from not less than 4 divisions.	E28
Elise Havens Ribbon – Twelve different cultivars from at least three divisions from RHS divisions 5 through 10.	E29
Tom D. Throckmorton Ribbon – Fifteen cultivars and/or species from fifteen different RHS classifications. COLOR CODES REQUIRED.	E30
Carey E. Quinn Award – Twenty-four cultivars and/or species from at least five RHS divisions. First time winners may receive the Silver Quinn Medal. Former winners receive the Quinn Ribbon. This class is open only to ADS members.	E31

SECTION F – CLUB CHALLENGE CUP

This section is not eligible for any ADS awards, but will be given awards based on merit from the Greater St. Louis Daffodil Society. The Club Challenge Cup shall be engraved with the first place winner's name and shall remain the property of the Greater St. Louis Daffodil Society. *This Cup may be taken for the year by the first place winner, who shall bring/send the Cup to the following year's daffodil show.*

This award is given to the best specimen of the designated "Club Challenge Bulb" for any year. The 2013 cultivar is 'Lost in Flora', 2012 cultivars are 'Avenger', 'Butter & Eggs' and 'Golden Dawn', 2011 cultivar is 'Tangent', 2010 cultivar is 'Foxfire', 2009 cultivar is "POPS Legacy", the 2008 cultivar is 'Killearnan', the 2007 cultivar is 'Trena', and the 2006 cultivars are 'Inca Gold' and 'Beryl'. The 2005 cultivar is 'Pink Silk', the 2004 cultivars are 'Maker's Mark' and 'Gateway to Spring', the 2003 cultivars are 'Snipe' and 'Kamms' and the 2002 cultivar is 'Phil's Gift'. Each bloom entered will be judged in this separate class to determine the best grown example of this bulb. Each year additional challenge bulbs will be named, given to members to grow, and entered in competition

	Class
Single stem of cultivar	F1

SECTION H – HISTORIC DAFFODILS

This section is open to all cultivars (i.e., not species) introduced or in gardens before 1940. All cultivars shall be labeled with name, division number, and year of registration (or introduction). The earliest date shown in the *International Daffodil Register and Classified List 2008* and its supplements will be the authority. The Best Historic, Best Historic Three Stems, and Best Historic Collection of Five (if all five are Standards) are eligible for the Gold Ribbon, White Ribbon and Purple Ribbon respectively.

	Class
One stem, standard daffodil, before 1850	H01
One stem, standard daffodil, 1850-1879	H02
One stem, standard daffodil, 1880-1899	H03
One stem, standard daffodil, 1900-1909	H04
One stem, standard daffodil, 1910-1919	H05
One stem, standard daffodil, 1920-1929	H06
One stem, standard daffodil, 1930-1939	H07
One stem, miniature daffodil	H08
Three stems of one standard daffodil cultivar	H09
Three stems on one miniature daffodil cultivars	H10
Five different standard cultivars, one stem of each	H11

SECTIONS I & J — INTERMEDIATE DAFFODILS

SECTION I – This is for a single stem of a standard cultivar.

SECTION J – This is for three stems of a standard cultivar. This class is eligible for ADS Best Three Stems of Intermediates.

	Class		Class
Division 1, Colored perianth	I101	}	J101
Division 1, White perianth	I102		
Division 2, Colored perianth	I201	}	J201
Division 2, White perianth	I202		
Division 3, Colored perianth	I301	}	J301
Division 3, White perianth	I302		
Division 4, Any cultivar	I401		J401
Division 11, Colored perianth	I1101	}	J1101
Division 11, White perianth	I1102		
Five different intermediate cultivars (Place with standard collections.)			E20

SECTION K – CONTAINER-GROWN DAFFODILS

Blooms are to be grown in and exhibited in a container or pot. All bulbs in any one container shall be of the same cultivar or species. Container-grown daffodils may be grown in protected areas. No bloom or exhibit in this section shall be eligible for any ADS award other than the ADS awards for container-grown daffodils. Rule No. 18 is extended to permit subdividing classes by daffodil division.

	Class
Standard daffodils – named cultivars or seedlings (no species)	K1
Miniature daffodils – named cultivars or seedlings (no species)	K2
Species and species hybrid daffodils. All sizes of species and species hybrids are eligible for this class.	K3

SECTIONS M & N – MINIATURE DAFFODILS

SECTION M – Single stem of a miniature cultivar or species daffodil.

SECTION N – Three stems of a miniature cultivar or species daffodil.

	Class	Class
Division 1 – Trumpet Daffodil Cultivars		
Yellow perianth	M101	N101
White perianth	M102	N102
Division 2 – Large-Cupped Daffodil Cultivars		
Yellow perianth	M201	} N201
White perianth	M202	
Division 3 – Small-Cupped Daffodil Cultivars		
Yellow perianth	M301	N301
White perianth, cup yellow, orange, or red	M302	} N302
White perianth, pink in cup	M303	
White perianth, white cup	M304	
Division 4 – Double Daffodil Cultivars		
Any cultivar	M401	N401
Division 5 – Triandrus Daffodil Cultivars		
Yellow perianth	M501	N501
White perianth	M502	N502
Division 6 – Cyclamineus Daffodil Cultivars		
Yellow perianth, yellow cup	M601	} N601
Yellow perianth, any other cup color	M602	
White perianth, white cup	M603	} N602
White perianth, any other cup color	M604	
Division 7 – Jonquilla or Apodanthus Daffodil Cultivars		
Two or more florets		
Yellow perianth, yellow cup	M701	} N701
Yellow perianth, orange or red in cup	M702	
Y/W perianth	M703	
White perianth	M704	N702
Single floret		
Yellow perianth	M705	N703
White perianth	M706	N704
Division 8 – Tazetta Daffodil Cultivars		
Yellow perianth	M801	N801
White perianth, cup yellow, orange, or red	M802	} N802
White perianth, pink in cup	M803	
White perianth, white cup	M804	
Division 9 – Poeticus Daffodil Cultivars		
Any cultivar	M901	N901
Division 10 – Bulbocodium Daffodil Cultivars		
Yellow perianth, funnel cup diameter 25 mm or greater	M1001	} N1001
Yellow perianth, petunoid cup diameter 25 mm or greater	M1002	
White perianth, funnel cup diameter 25 mm or greater	M1003	
White perianth, petunoid cup diameter 25 mm or greater	M1004	
Yellow perianth, funnel cup diameter under 25 mm	M1005	} N1002
Yellow perianth, petunoid cup diameter under 25 mm	M1006	
White perianth, funnel cup diameter under 25 mm	M1007	
White perianth, petunoid cup diameter under 25 mm	M1008	
Division 11 – Split-Corona Daffodil Cultivars		
Yellow perianth	M1101	} N1101
White perianth	M1102	

	Class	Class
Division 12 – Other Daffodil Cultivars		
Yellow perianth, yellow cup	M1201	} N1201
Yellow perianth, cup any other color	M1202	
White perianth, cup yellow, orange, or red	M1203	} N1202
White perianth, pink in cup	M1204	
White perianth, white cup	M1205	
Division 13 – Daffodils Distinguished Solely by Botanical Name		
Ganymedes section	M1301	N1301
Pseudonarcissus section	M1302	N1302
Jonquilla section	M1303	N1303
Apodanthus section	M1304	N1304
Tazetta section	M1305	N1305
Bulbocodium section	M1306	N1306
Any other section	M1307	N1307

SECTION O – OTHER MINIATURES EXHIBITS

	Class
Five cultivars or seedlings, one stem each (no species). This class is eligible for the ADS Lavender Ribbon.	O01
Five cultivars, seedlings, or species, one stem each. This class is eligible for the ADS Lavender Ribbon.	O02
Five stems, each one from a different division. This class is eligible for the ADS Lavender Ribbon.	O03
ADS Miniature Red-White-Blue Ribbon – Five cultivars or seedlings of American breeding, one stem each. For correct labeling procedure, see Rule No. 9. This class is eligible for the ADS Lavender Ribbon.	O04
ADS Delia Bankhead Ribbon – Nine cultivars and/or species, one stem each from at least three different RHS divisions.	O05
Roberta C. Watrous Award – Twelve cultivars and/or species of miniature daffodils from at least three RHS divisions. First time winners may receive the Silver Watrous Medal. Former winners receive the Watrous Ribbon. This class is open only to ADS members.	O06
ADS Premier Miniature Collection Ribbon – Twenty-four cultivars and/or species, one stem each, from at least five RHS divisions. This class is open only to ADS members.	O07

Hybridizers’ Classes; Exhibitors must be ADS members. All flowers must be considered appropriate for the ADS Approved List of Miniature Daffodils for an award to be given. Identification of all blooms in the next three classes, both named and numbered, must be concealed until after judging. To facilitate the selection of candidates for the Miniature Rose Ribbon, seedlings are to be marked by a check on the card facing the judges. All flowers must be hybridized and originated by the exhibitor. Flowers may be from any division.

ADS 3 Miniatures by Hybridizer Ribbon – Three cultivars, one stem each.	O21
ADS 6 Miniatures by Hybridizer Ribbon – Six cultivars, one stem each.	O22
ADS 12 Miniatures by Hybridizer Ribbon – Twelve cultivars, one stem each.	O23

SECTION Q – EDUCATIONAL EXHIBITS

This section is for display of any entry that cannot be included in the horticultural sections of this show. Exhibits can include commercial flower exhibits; exhibits of artwork, photographs or photo slides related to daffodils; diagrams or “how-to-do’s” of planting, growing, arranging or displaying daffodils; and any other exhibits that would enhance the enjoyment of daffodils. This section is not eligible for any ADS awards, but will be given awards based on merit from the Greater St. Louis Daffodil Society.

	Class
Daffodil Exhibits	Q1

SECTION R – SHAW NATURE RESERVE DAFFODILS

This section is not eligible for any ADS awards, but will be given an award based on merit from the Greater St. Louis Daffodil Society. Many of you have been collecting daffodils from the Shaw Nature Reserve during our annual 'Dig Daffodils Day' event. This section is open to all cultivars collected from the Shaw Nature Reserve, and will be awarded to the best specimen displayed at the Greater St. Louis Daffodil Society Show. Neither cultivar name nor color coding will be required for entries in this section

	Class
Single stem of cultivar	R1

SECTION S — SMALL GROWERS CLASSES

This section is open to exhibitors growing 50 or fewer cultivars and/or species. All entries are standard single stems.

	Class
Division 1 – Trumpet Daffodil Cultivars	S1
Division 2 – Large-Cupped Daffodil Cultivars	S2
Division 3 – Small-Cupped Daffodil Cultivars	S3
Division 4 – Double Daffodil Cultivars	S4
Division 5 – Triandrus Daffodil Cultivars	S5
Division 6 – Cyclamineus Daffodil Cultivars	S6
Division 7 – Jonquilla or Apodanthus Daffodil Cultivars	S7
Division 8 – Tazetta Daffodil Cultivars	S8
Division 9 – Poeticus Daffodil Cultivars	S9
Division 10 – Bulbocodium Daffodil Cultivars	S10
Division 11 – Split-Corona Daffodil Cultivars	S11
Division 12 – Other Daffodil Cultivars	S12
Division 13 – Daffodils Distinguished Solely by Botanical Name	S13

SECTION T – BEST BLOOM OF CULTIVAR INTRODUCED BY A CENTRAL REGION HYBRIDIZER

Open only to Greater St. Louis group members. Ribbon will be given to the best grown/shown bloom of a named cultivar hybridized in the Central Region – (not necessarily shown by the hybridizer). Ribbon will not count toward the ADS Silver ribbon, but will add distinction to the Awards Table.

	Class
Single stem of cultivar	T1

SECTION U – UNKNOWN NAME DAFFODILS

This section is open to daffodils grown in the garden, but whose identity has been lost or never known. This section is not eligible for any ADS awards, but will be given awards based on merit from the Greater St. Louis Daffodil Society. This section may be divided if enough entries are received.

	Class
Single stem of cultivar	U1

SECTION Y – YOUTH DIVISION

Exhibitors are 20 years of age or younger. Youth exhibitors are not restricted to this section; they may elect to enter other sections for which they qualify. Rule No. 18 is extended to permit subdividing Classes Y15, Y17, and Y18 by division.

	Class
One standard stem, division 1, yellow perianth.	Y01
One standard stem, division 1, white perianth.	Y02
One standard stem, division 2, yellow perianth.	Y03
One standard stem, division 2, white perianth.	Y04
One standard stem, division 3.	Y05
One standard stem, division 4.	Y06
One standard stem, division 5, 6, 7, or 9.	Y07
One standard stem, division 8, yellow perianth.	Y08
One standard stem, division 8, white perianth.	Y09
One standard stem division 10, 11, 12, or 13.	Y10
Three stems of one standard daffodil, division 1.	Y11
Three stems of one standard daffodil, division 2.	Y12
Three stems of one standard daffodil, division 4.	Y13
Three stems of one standard daffodil, division 8.	Y14
Three stems of one standard daffodil, any other division.	Y15
Collection of five different standard daffodils. Eligible for ADS Youth Collection & Purple Ribbon.	Y16
One miniature stem, any division.	Y17
Three stems of one miniature daffodil, any division. Eligible for ADS Mini White Ribbon.	Y18
Collection of five different miniature daffodils. Eligible for ADS Mini White Ribbon.	Y19

AMERICAN DAFFODIL SOCIETY AWARDS

- Gold Ribbon:** Best standard cultivar or species in the Horticulture Division, excluding Container-Grown, and Challenge Sections.
- White Ribbon:** Best three stems of one cultivar or species of standard daffodils.
- Rose Ribbon:** Best standard seedling exhibited by its originator, excluding the Container-Grown and Challenge Sections.
- Purple Ribbon:** Best collection of five different standard cultivars or species in the Horticulture Division of the show.
- Maroon Ribbon:** Best collection of five different standard cultivars, one stem each, colored perianth, cup paler than perianth, any division or divisions (Class E26).
- Red-White-Blue Ribbon:** Best collection of five different standard cultivars, one stem each, of American breeding or origin, any division or divisions (Class E27).
- Marie Bozievich Ribbon:** Best collection of twelve different cultivars and/or species of standard daffodils from at least four RHS divisions (Class E28).
- Elise Havens Ribbon:** Best collection of twelve cultivars of standard daffodils from not less than three divisions of RHS divisions 5 through 10 (Class E29).
- Tom D. Throckmorton Ribbon:** Best collection of fifteen cultivars and/or species of standard daffodils from fifteen different RHS classifications (Class E30).
- Carey E. Quinn Award:** Silver Medal or Ribbon for a collection of twenty-four different cultivars and/or species of standard daffodils from at least five divisions. The medal may be won only once by any exhibitor in all ADS National Shows. A former winner may exhibit in this class but may receive only the Quinn Ribbon. Open only to ADS members. (Class E31).
- Miniature Gold Ribbon:** Best miniature cultivar or species in the Horticulture Division, excluding Container-Grown, Historic, and Challenge Sections.
- Miniature White Ribbon:** Best three stems of the same miniature cultivar or species, excluding the Historic Section.
- Miniature Rose Ribbon:** Best miniature seedling exhibited by its originator, excluding the Container-Grown and Challenge Sections.
- Lavender Ribbon:** Best collection of five different miniature cultivars and/or species (Classes O01, O02, O03, O04 and Y19).
- Miniature Red-White-Blue Ribbon:** Best collection of five different miniature cultivars, one stem each, of American breeding or origin, any division or divisions (Class O04).
- Delia Bankhead Ribbon:** Best collection of nine miniature cultivars and/or species, one stem each from at least three different RHS divisions. (Class O05)
- Roberta C. Watrous Award:** Gold Medal or Ribbon for a collection of twelve different cultivars and/or species of miniature daffodils from at least three divisions. This medal may be won only once by any exhibitor in all ADS National Shows. A former winner may exhibit in this class but may receive only the Watrous Ribbon. Open only to ADS members. (Class O06).
- Premier Miniature Collection Ribbon:** Best collection of twenty-four different miniature cultivars and/or species from at least five divisions. Open only to ADS members. (Class O07)
- Miniature Bronze Ribbon:** Best collection of three stems each of five different cultivars and/or species of miniature daffodils from at least three divisions. (Class O08).
- Three Miniatures by Hybridizer Ribbon:** Best exhibit of three different cultivars of miniature daffodils, any divisions, hybridized and originated by the exhibitor. Open only to ADS members. (Class O21)
- Six Miniatures by Hybridizer Ribbon:** Best collection of six different cultivars of miniature daffodils, any divisions, hybridized and originated by the exhibitor. Open only to ADS members. (Class O22)
- Twelve Miniatures by Hybridizer Ribbon:** Best collection of twelve different cultivars of miniature daffodils, any divisions, hybridized and originated by the exhibitor. Open only to ADS members. (Class O23)
- Youth Ribbon:** Best cultivar or species exhibited in the Youth Section.

- Youth Best of Three Ribbon:** Best three stems of one cultivar or species, standard or miniature, in the Youth Section (Classes Y11 through Y15 and Y18).
- Youth Collection Ribbon:** Best collection of five different cultivars and/or species, all standards or all miniatures, in the Youth Section (Classes Y16 and Y19).
- Small Growers Ribbon:** Best standard cultivar or species exhibited in the Small Grower Section.
- John Van Beck Medal:** Best pre-1940 cultivar in Historic Section.
- Historic Best of Three Ribbon:** Best three stems of one pre-1940 cultivar, standard or miniature, in the Historic Section.
- Historic Daffodil Collection of Five Ribbon:** Best collection of five different pre-1940 standard cultivars in the Historic Section.
- Best Classic Ribbon:** Best standard cultivar from the Classic Section.
- Best Classic Single-Stem Ribbon:** Best cultivar from a class of single stems of standard cultivars in the Classic Section.
- Best Classic Three-Stem Ribbon:** Best three stems of one classic standard cultivar in the Classic Section.
- Best Classic Collection of Five Ribbon:** Best collection of five different classic standard cultivars from the Classic Section.
- Best Intermediate Ribbon:** Best intermediate-size cultivar from the Intermediate Section, any standard collection, or from any standard entry in the Youth or Small Growers Sections.
- Best Intermediate Three-Stem Ribbon:** Best set of three intermediate cultivars in the Intermediate Section or in standard collection classes of sets of three.
- Best Intermediate Collection of Five Ribbon:** Best collection of five different intermediate cultivars in the Intermediate Section.
- Standard Container-Grown Ribbon:** Best standard container-grown named or seedling daffodil exhibit in the Container-Grown Section.
- Miniature Container-Grown Ribbon:** Best miniature container-grown named or seedling daffodil exhibit in the Container-Grown Section.
- Species/Species Hybrid Container-Grown Ribbon:** Best species/species hybrid container-grown daffodil exhibit in Container-Grown Section.
- Silver Ribbon:** Awarded to the exhibitor winning the most first place (blue) ribbons in the Horticulture Division.
- Harry I. Tuggle, Jr. Award:** Best collection in Class E32. Open only to ADS members.
- Wells Knierim Ribbon:** Best photograph in the show.

THE SHOW COMMITTEE

Show Organizer	Lynn Slackman
Horticultural Division Chairman	Gary Knehans
Photography Division Chairman	Beth Holbrooke
Artistic Design Division Chairman	Jean Morris & Suzanne Raymond
Clerks	Vaughn Meister & Brenda VanBooven
Horticultural Exhibits Classification	?????
Hospitality	Lynn Slackman & Suzanne Raymond
Properties	Peter McAdams
Commercial Exhibits/Displays	Jason Delaney

ACKNOWLEDGMENTS

The Greater St Louis Daffodil Society would like to thank the Missouri Botanical Garden for providing the venue we use each year for our daffodil show.

ROYAL HORTICULTURAL SOCIETY SYSTEM OF CLASSIFICATION

For garden purposes, daffodils are classified in 13 divisions where the division number specifies the form and the letters (color code) specify the colors. For example:

1 W-Y = a trumpet daffodil with white perianth segments (“petals”) and yellow corona (“trumpet”).

2 Y-YYO = a large-cupped daffodil, all yellow except for a band of orange at corona (“cup”) rim.

11b W-O/Y/W = a papillon daffodil with white perianth segments and longitudinal bands of orange, yellow and white in the corona, with orange predominant.

Whether of wild or cultivated origin, once a selection has been distinguished by a cultivar name, it should be assigned to Divisions 1–12. Daffodils distinguished solely by botanical name should be assigned to Division 13.

The characteristics for Divisions 5 to 10 are given for guidance only; they are not all necessarily expected to be present in every cultivar assigned to those divisions.

DIVISION 1 — TRUMPET DAFFODIL CULTIVARS

One flower to a stem; corona (“trumpet”) as long as or longer than the perianth segments (“petals”).

DIVISION 2 — LARGE-CUPPED DAFFODIL CULTIVARS

One flower to a stem; corona (“cup”) more than one-third, but less than equal to the length of the perianth segments (“petals”).

DIVISION 3 — SMALL-CUPPED DAFFODIL CULTIVARS

One flower to a stem; corona (“cup”) not more than one-third the length of the perianth segments (“petals”).

DIVISION 4 — DOUBLE DAFFODIL CULTIVARS

One or more flowers to a stem, with doubling of the perianth segments or the corona or both.

DIVISION 5 — TRIANDRUS DAFFODIL CULTIVARS

Characteristics of *N. triandrus* clearly evident; usually two or more pendent flowers to a stem; perianth segments reflexed.

DIVISION 6 — CYCLAMINEUS DAFFODIL CULTIVARS

Characteristics of *N. cyclamineus* clearly evident: one flower to a stem; perianth segments significantly reflexed; flower at an acute angle to the stem, with a very short pedicel (“neck”).

DIVISION 7 — JONQUILLA AND APODANTHUS CULTIVARS

Characteristics of Sections Jonquilla and Apodanthi clearly evident: one to five (rarely eight) flowers to a stem; perianth segments spreading or reflexed; corona cup-shaped, funnel-shaped, or flared, usually wider than long; flowers usually fragrant.

DIVISION 8 — TAZETTA DAFFODIL CULTIVARS

Characteristics of Section Tazettae clearly evident: usually three to twenty flowers to a stout stem; perianth segments spreading, not reflexed; flowers usually fragrant.

DIVISION 9 — POETICUS DAFFODIL CULTIVARS

Characteristics of *N. poeticus* and related species clearly evident; perianth segments pure white; corona very short or disc-shaped, not more than one-fifth the length of the perianth segments; corona usually with a green and/or yellow center and red rim, but sometimes wholly or partly of other colors; anthers usually set at two distinct levels; flowers fragrant.

DIVISION 10 — BULBOCODIUM DAFFODIL CULTIVARS

Characteristics of Section Bulbocodium clearly evident: usually one flower to a stem; perianth segments insignificant compared with the dominant corona; anthers dorsifixed (i.e., attached more or less centrally to the filament); filament and style usually curved.

DIVISION 11 — SPLIT-CORONA DAFFODIL CULTIVARS

Corona split – usually for more than half its length.

a) Collar Daffodils. Split-corona daffodils with the corona segments opposite the perianth segments; the corona segments usually in two whorls of three.

b) Papillon Daffodils. Split-corona daffodils with the corona segments alternate to the perianth segments; the corona segments usually in a single whorl of six.

DIVISION 12 — OTHER DAFFODIL CULTIVARS

Daffodil cultivars which do not fit the definition of any other division.

DIVISION 13 — DAFFODILS DISTINGUISHED SOLELY BY BOTANICAL NAME

SECTION TAPEINANTHUS

Autumn flowering; one to four flowers to a rounded stem; leaves very narrow, glaucous, not always present on flowering bulbs; flower ascending, yellow; corona absent or rudimentary; anthers widely exerted from the tube, much shorter than the filaments, dorsifixed.

SECTION SEROTINI

Autumn flowering; usually one to two flowers to a rounded stem; leaves very narrow, glaucous, not always present on flowering bulbs; perianth segments pure white, usually twisted; corona very short, yellow, orange, or green; anthers included in or slightly exerted from the tube, longer than the filaments, dorsifixed; flowers fragrant.

SECTION AURELIA

Autumn flowering; three to twelve flowers to a compressed stem; leaves flat, not channeled, glaucous; flowers white; corona rudimentary or absent; filaments unequal in length; anthers exerted from the tube, dorsifixed; flowers fragrant.

SECTION TAZETTAE

Autumn to spring flowering; three (rarely two) to twenty flowers to a usually compressed stem; leaves flat or channeled, usually glaucous; flowers white, yellow, or bicolored; anthers included in or slightly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. The rounded stem and green leaves of *N. aureus* atypical, also the orange corona of *N. elegans*.

SECTION NARCISSUS

Spring flowering; usually one flower (exceptionally two to four) to a compressed stem; leaves flat, not channeled, glaucous; perianth segments pure white; corona disc-shaped or very shallow, sometimes of a single color, but usually with base green, mid-zone yellow, and rim red or orange and often scarious; anthers partly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. This section covers *N. poeticus*.

SECTION JONQUILLA

Spring flowering; one to five (rarely eight) flowers to a rounded stem; leaves narrow or semi-cylindrical, green; flowers yellow, never white; perianth segments spreading or reflexed; corona usually cup-shaped, usually wider than long; anthers included in or partly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. The autumn flowering, green-flowered *N. viridiflorus* is atypical.

SECTION APODANTHI

Spring flowering; one flower or two to five to a somewhat compressed stem; leaves narrow, channeled, glaucous; flowers white or yellow, never bicolored; perianth segments spreading or slightly reflexed; corona cup-shaped, funnel-shaped, or flared, usually wider than long; anthers included in the tube, or three included and three exerted, much longer than the filaments, dorsifixed.

SECTION GANYMEDES

Spring flowering; one flower or two to six to an elliptical or cylindrical stem; flowers pendent, white, yellow, or somewhat bicolored; leaves flat or semi-cylindrical; perianth segments reflexed; corona cup-shaped (rarely campanulate); anthers three included in the tube, three exerted (often beyond the corona), equal to or much shorter than the filaments, dorsifixed. This section covers *N. triandrus*.

SECTION BULBOCODIUM

Autumn to spring flowering; one flower to a rounded stem; leaves narrow, semi-cylindrical; flowers white or yellow; perianth segments insignificant compared with the dominant corona; anthers widely exerted from the tube (often beyond the corona), much shorter than the filaments (which are usually curved), dorsifixed.

SECTION PSEUDONARCISSUS

Spring flowering; usually one flower to a more or less compressed or sometimes rounded stem; leaves flat or channeled, usually glaucous; flowers white, yellow, or bicolored; perianth segments usually spreading or inflexed; corona more or less cylindrical, often flared at mouth, yellow or white (never orange or red); anthers exerted from the tube, equal to or shorter than the filaments, sub-basifixed. The green leaves, rounded stem, and strongly reflexed perianth segments of *N. cyclamineus* and the two to four flowers to a stem of *N. longispatus* and *N. nevadensis* are atypical.

WILD HYBRIDS

Natural hybrids distinguished by botanical names are also assigned to this division.
